

Certificate of Analysis

Report FX-792982 · issued 2025-11-16

Example Analytical

Fixture City

Placeholder issuer — no analysis was performed

This document is a fixture. It was generated to demonstrate how a certificate appears on the storefront. No sample was submitted, no analysis was performed, and every figure below is invented. It carries no issuing laboratory's authority and cannot be verified. Delete it when a real report exists.

SAMPLE

Client	CryptoPeptides
Sample	Tirzepatide 5mg
CAS number	2023788-19-2
Lot number	CP-2511-TIRZEPIDE-34
Lot filled	2025-11-23
Sample received	2025-11-12
Analysis conducted	2025-11-16
Appearance	White to off-white lyophilised cake

RESULTS

Purity (RP-HPLC-UV, 214 nm)	99.420 %
Identity (LC-MS, ESI-TOF)	Observed mass consistent with theoretical
Net peptide content	94.4 %
Water content (Karl Fischer)	1.0 %

Authorised signatory — none; this is a fixture

EXA · FX-792982

Research use only. Not for human or veterinary consumption. A certificate of analysis describes the sample submitted for testing and is valid only for the lot named on it. This fixture describes nothing.
